

Tutoring has never been better!

Many students lack the confidence to succeed. At KP Tutoring, our caring instructors excel at encouraging students in their abilities.

As students improve their skills, confidence grows and success spills over into the classroom!

Yes, tutoring has never been better here at KP Tutoring!

Key elements of the program, focus on results.

Curriculum:

All instructional materials are aligned to state content standards.

Instructional Staff:

Our highly-qualified instructors are dedicated to the success and achievement of each student.

Instruction:

All tutoring is tailored to meet your child's unique needs.

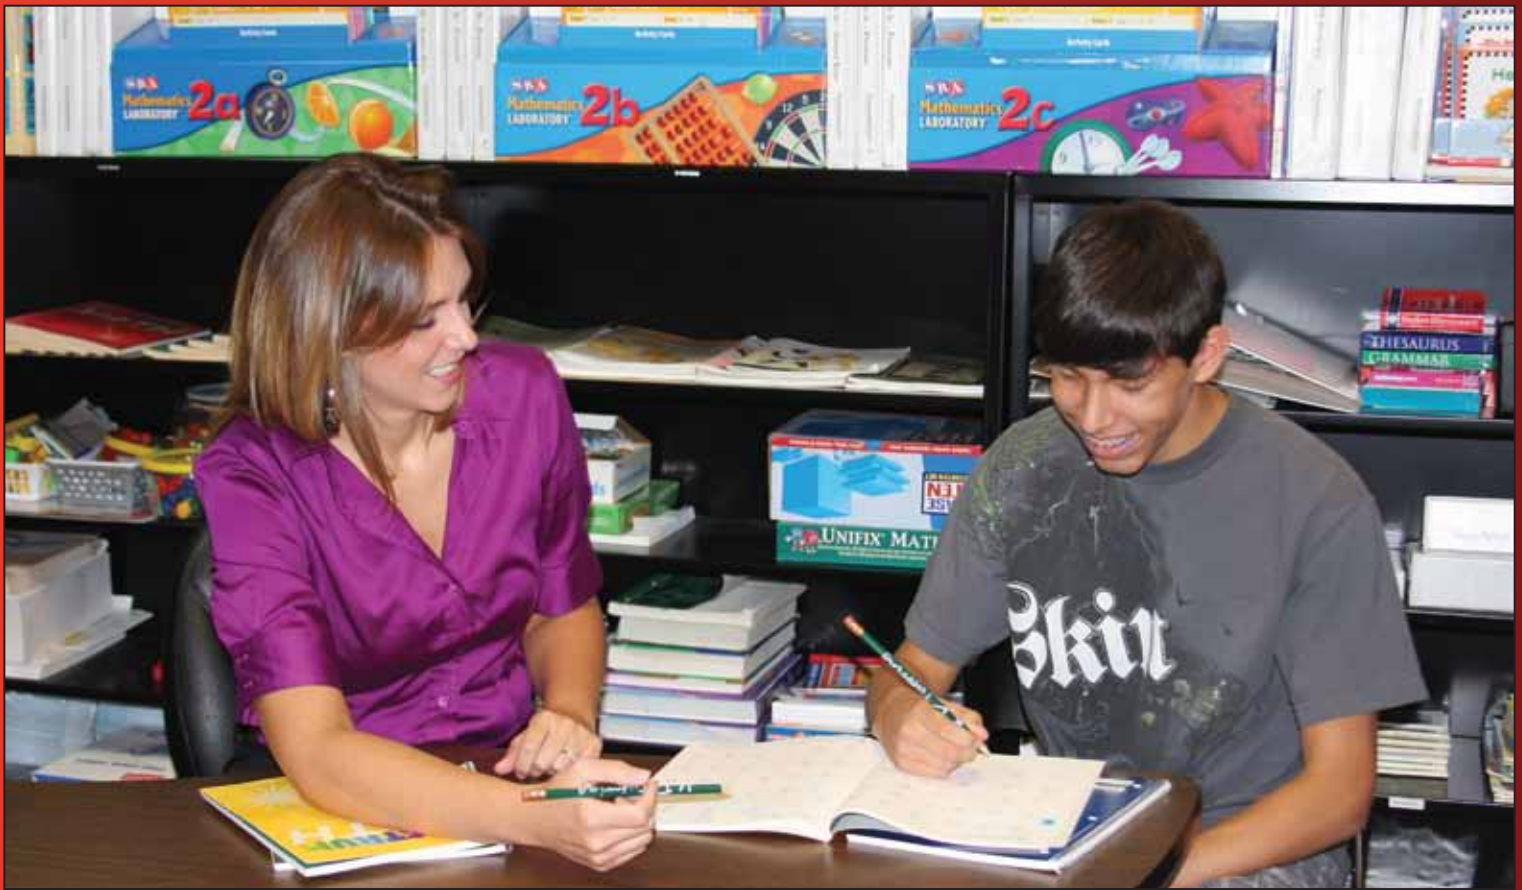

Reporting:

KP Tutoring provides regular progress updates to parents, guardians and administrators.

PARENTS LOVE OUR PROGRAM

KP Tutoring is individualized to improve overall grade level proficiency skills.

Students work in small groups with a maximum student to instructor ratio of 5:1. Your child works on his/her individual plans with our highly-qualified instructors, building and growing both skills and confidence.

KP Tutoring is individualized. Our math and reading programs utilize a diagnostic assessment to quickly pinpoint areas of difficulty. Then a personalized instructional plan is created to meet the specific needs of your child. No more time wasted on practicing what your child does not need!

Reading Program

Reading Program is a powerhouse program for all stages of educational development. The five core areas of instruction include Phonics, Sight Words, Vocabulary, Comprehension, and Accelerated Skills such as oral reading and speed reading. Time tested, proven materials are used to provide effective learning tools to ensure students are learning the skills needed to be successful readers.

Math Program

KP Tutoring uses a highly detailed approach to quickly target and improve weaknesses in math. Because math skills build in intensity from year to year, any gaps in foundational math can cause great concern in a student's ability to be successful in upper level math. Finally your child has a chance to learn what the classroom did not have time to revisit in years past. Problems with fractions, decimals, integers, word problems, whole number operations, and measurement can easily become a distant memory, paving the way for good grades in school and fewer headaches at home.

KP Tutoring is an approved Supplemental Education Services (SES) Provider under the Elementary and Secondary Education (ESEA) Act. Only students who qualify for free and reduced lunch, and attend an eligible Title I school, qualify for free tutoring with an approved provider. Metropolitan Nashville Public Schools does not promote or endorse any one SES provider. For more information, please contact your child's school. We look forward to tutoring your child.
